OPERATORS REFUSE TO MEET NEW SCALE BODY

SANCITY OF CONTRACT IS INVOLVED THEY SAY

DEMANDS MADE, THEY AVER, ARE NOT FOR THE PURPOSE OF CORRECTING INEQUALITIES OF "WAGES"

OFFER HIGHER DAY WAGE HOWEVER

H. A. Boulton, Vice President and John C. Forsyth, Secretary, of the Association of Bituminous Coal Operators, tendered their resignations at yesterday's meeting of the association here at Clearfield. Both of these indefatigable workers for the operator of this region have tried at the performance of the arduous duties. Their resignation, however, was not acted upon but both announced that they want to be relieved at the earliest possible date.

By formal action of the Executive Committee, approved by the entire membership of the association, the Association of Bituminous Coal Operators of District No. 2 emphatically refuse to meet with the committee set up by the U. M. W. of A. at DuBois recently for the purpose of re-opening scale matters.

Following is the reply made to President Brophy by President Clark of the operators:

Pennsylvania Sept. 3, 1920
Mr. John Brophy, President,
United Mine Workers of America,
District No. 2,
Clearfield, Pa.
Dear Sir:

Your recent communication addressed to me as President of the Association of Bituminous Coal Operators of Central Pennsylvania wherein you submitted a request for a modification of the scale agreement entered into between our association and the United Mine Workers of America, District No. 2, bearing date April 26, 1920, in accordance with eleven different demands made by a certain policy committee created by the delegates of a special convention of your organization held in DuBois August 19, 1920, were duly received. In pursuance of our request for a conference of the operator of our association with your policy committee to consider and discuss the demands presented, I called a meeting of the Operator Association here today, at which meeting the demands of the policy committee together with your communication were duly presented.

In pursuance of resolution made and adopted by the membership of our association the following letter was approved and directed to be mailed to you as the answer of the Association of Bituminous Coal Operators of Central Pennsylvania.

The Association of Bituminous Coal Operators of Central Pennsylvania closed its doors to the conference requested by the policy committee.

It is owing to the inability of the operator and the United Mine Workers of America to reach a scale of wages to be paid to the operators to be approved by a period dating from April 1, 1919 to March 31, 1922, that the conference was called.

It is owing to the inability of the operator and the United Mine Workers of America to reach a scale of wages to be paid to the operators to be approved by a period dating from April 1, 1919 to March 31, 1922, that the conference was called.

Central Pennsylvania to submit the Central District of Pennsylvania in agreement of the same tribunal. In pursuance of this request both the U. M. W. of A. of District No. 2 and the Association of Bituminous Coal Operators of the same district appeared at Washington, D. C. before the United States Coal Commission and agreed to abide by the findings of said commission and to adopt the same in the form of a scale agreement covering the period hereinafter mentioned.

That in pursuance of said agreement the Bituminous Coal Commission of the United States took cognizance and acted upon the same and rendered its award after full hearing has been granted to both parties and subsequently the United Mine Workers of America of District No. 2 and the Association of Bituminous Coal Operators of Central Pennsylvania met in the city of Philadelphia and incorporated the award of the United States Coal Commission into a formal scale agreement in writing bearing date the 26th day of April, 1920, which agreement was signed by the Executive Officers of your organization and our association and the respective scale committees connected therewith which agreement according to the terms thereof was to continue in force from April 1, 1920 to March 31, 1922.

The fulfillment of this agreement was guaranteed in writing by the officials of the U. M. W. of A. District No. 2 as well as the officials of your organization, all of which was submitted by the officials of your organization to a special convention of the United Mine Workers of America District No. 2 subsequently convened at DuBois, Pa., wherein said agreement was ratified and approved.

Notwithstanding the solemn covenant made and consummated in the agreement of April 26, 1920 by the officials of your organization and the scale committee connected therewith, the fulfillment of which for a period of two years ending March 31, 1922 has been guaranteed by your district and national officers you now request by your recent communication the reconvening of a conference between our respective organizations for the purpose of considering and negotiating a new scale agreement covering the remaining portion of the period for which you are already under contract, as indicated by the eleven demands presented by your policy committee.

These demands are of so extreme a nature that they open up every question settled by the president's commission and subsequently incorporated in our present existing contract. Furthermore they contemplate an advance in wages for all classes of labor, and therefore cannot possibly correct any alleged inequalities that may now exist.

We must therefore, respectfully decline to enter into such a conference for the reason that such action denies the sanctity of the contract already in existence and repudiates the doctrine of collective bargaining which this association has recognized for many years in dealing with your organization.

Our attention has been called, however, to the fact that other associations throughout the United States are dealing with your organization, have recognized the fact that the wage award of a labor might possibly, as indicated by the award of the commission, be inequitable as compared

NEW ENGLAND BALL LOVER PAY TRIBUTE TO LOCAL TWIRLER

Clearfield's baseball fans and Clearfield people generally will be very sorry to learn that Billy Adams, the baseball pitcher, who played with Hartford, Connecticut in the Eastern League, the past season, is lying very seriously ill at his home in Hartford, with little or no hope for his recovery.

Billy is suffering from an affection of the heart and will never be able to play ball again even though he should recover from his present attack.

The Hartford Courant of Thursday last had the following to say of the big pitcher and his troubles:

"Big Billy" Adams, one of the greatest pitchers of the Spalding to ever don a Hartford uniform, has pitched his last game of baseball.

Today, on his bed, in his home on Buckingham street, the elongated and hardworking pitcher is lying, critically ill of a heart ailment, his life, at times, being despaired of by the attending doctor and his little wife, who is constantly at his bedside.

Even though he recovers he will not be able to again pick up his glove, still out to the mound and leave them over as he once did. His days of baseball have ended.

But, though his days of work on the diamond are finished, this work has not been in vain. He has made hundreds of friends through his gritty performances on the mound and today these friends have been called together for the purpose of getting up a benefit for the invalid pitcher.

Already the work has been started. A collection taken by the New Haven players Sunday netted more than \$400 while, in Waterbury and Albany, on the same day, substantial amounts were raised. To top all this, a big benefit day, "Big Bill" Adams' own day, will be held at the Wethersfield avenue ball grounds Monday afternoon, September 13, the day after the close of the Eastern League pennant race.

The Hartford team will, on that day, play a collection of Eastern League stars. "Chief" Bender, one of the greatest attractions in minor league ball, will be here and, besides pitching a couple of innings, will give an exhibition of his trapshooting ability. Ray Grimes and other stars of the circuit will also play, though the opposing team will be mostly Waterbury players.

DENTISTS OF ELK, CLEARFIELD AND JEFFERSON COUNTIES MEET

Dentists of Jefferson, Elk and Clearfield counties assembled in DuBois yesterday and organized a district Dental society by electing the following officer: A. J. Anthony, of DuBois, president; Joseph L. Robinson, of Punxsutawney, vice president; J. L. Eberly, of Johnstown, treasurer; and this executive committee: K. G. Lenhart, E. M. Woolfort, Reed A. Wilson, P. L. Showers, L. R. Brown, G. Gaffney, James Clark and Joseph McCulloch.

Thirty-three dentists were in attendance at the meeting, which proved to be an interesting and profitable one. Dr. Earl Chestnut, of Brookville, delivered the addresses of welcome. Dr. T. O. Heatwole, dean of University of Maryland, delivered an address upon "The Advantages of a Dental Education." Dr. Alexander Patterson, of Baltimore, formerly of DuBois conducted a platemaking clinic.

Dr. J. L. Robinson, K. G. Lenhart, were the Punxsutawney dentists in attendance.

Miss Marjorie S. Snyder, of Bradford, formerly of Woodland, was a shopper in town today and was entertained at the Dimeling at a luncheon.

INDIANA COUNTY GROWS

WASHINGTON, Sept. 4.—The Census Bureau today announced the following 1920 population figures: Armstrong County 75,568, Indiana County 31,111. Increase since 1910 in Armstrong County 7,688 or 11.5, and in Indiana County 14,901 or 22.5.

Miss Marie Voucheb has returned to her home in Coudley after a visit with relatives here.

CHAMP DEMPSY TO MEET BILLY MISKE ON NEXT MONDAY

BENTON HARBOR, MICH., Sept. 4.—For the first time since he won the championship from Jess Willard at Toledo, O., last year, Jack Dempsey will defend the heavyweight title when he meets Billy Miske of St. Paul in a ten-round bout this Monday.

Dempsey has met Miske twice and claims the newspaper decision both times. Miske concedes the fact that Dempsey licked him at Philadelphia in the fall of 1918 but claims their ten round bout in May, 1918, at St. Paul was a draw. Both men expect to win by a knockout.

Though the amount which the scrappers are to receive has not been made public the reports are that Dempsey's end will be \$50,000 and a percentage of the receipts over a certain amount. Miske, the same reports state, will get \$20,000. The arena at which the fight is to be held will hold approximately 15,000 and with prices ranging from five to thirty dollars a seat promoter Floyd Fitzsimmons expects to make a nice cleanup.

Both men spent the three weeks preceding the bout training here. They claim to be in great form. Dempsey's followers expect him to hand Miske the sleeping pill within the first five rounds. Miske's supporters believe that if the St. Paul boxer can stick five rounds he will knock out Dempsey.

Supporting Miske's belief that he will beat Dempsey is the statement of Jack Reddy, the former's manager, that Miske has been entirely made over and will enter the ring a 100 per cent. piece of fighting machinery.

According to Reddy, in the bouts which Miske has met Dempsey, the St. Paul man was handicapped. Reddy claims the Miske has suffered from a curvature of the spine for years but now is completely cured. Miske, he says, gained one inch in height and added 15 pounds to his fighting weight. Both men are expected to enter the ring at from 190 to 200 pounds.

Both have been married. Dempsey is divorced. Miske has a wife and two children in St. Paul.

Dempsey is from Chicago. Miske is the son of a St. Paul policeman.

HE'S A JOLLY GOOD FELLOW

We reserve the right to roar about our steam bill later on and expatiate at length about greedy, grinding, grasping public service corporations, but just now our hat is off to Supt. A. M. Pearce, of the Penn Public Service Company. He is a real public benefactor. He had the steam plant fired up yesterday afternoon and users of city steam are reveling in well heated quarters this cool, chilly September morn.

MONARCHISTS MAY SEIZE OPPORTUNITY TO RESTORE THRONE

BERLIN, Sept. 4.—Reports were circulated here today that plans for a monarchistic counter revolution in Russia on a much greater scale than any since the establishment of the Soviet government were being formed today. If the revolution succeeds in Russia the Germans will launch a revolution and link it up with Russia. The Berlin correspondent of the Tageblatt revealed that many wealthy representatives of the former Czar were gathering in the Austrian capital. Prominent German business men were said to be preparing to donate funds and support the German end of the proposed double counter revolution.

IRISH BELIEVE MACSWINEY DEATH A CERTAINTY NOW

LONDON, Sept. 4.—Believing the death of Lord Mayor MacSwiney of Cork is "a foregone conclusion" his friends today planned huge funeral demonstrations throughout England and Ireland. "The body will probably be held in England a week for the coroner's inquest and other rites," said Arthur O'Brien, president of the Gaelic league. "I think we will hold gigantic public services in London with even larger ones in Cork and Dublin." Irish newspapers are preparing also to make capital of the dramatic setting of MacSwiney's imprisonment, probably death. They will appeal to the Irish in England, Scotland, Australia, Canada and the United States "to make a protest that will shake the foundation of the British empire." On the 23rd day of his hunger strike Mac Swiney appeared to be lifeless.

Mrs. MacSwiney cabled to President and Mrs. Wilson pleading with them to use their influence in obtaining her husband's release.

BELFAST, Sept. 4.—Although rioting between the Protestants and Catholics have ceased fear was expressed by government officials that the expected death of Lord Mayor MacSwiney of Cork would cause a renewal of the outbreaks here and elsewhere throughout Ireland. British military officials were preparing for any movement. Sir Edward Carson is anxiously awaiting word to mobilize the Ulster Volunteers. It is reported that that body has reached its pre-war strength. Sinn Feiners were threatening to retaliate if the Volunteers were used by the government.

JANESVILLE MAN HELD FOR SHOOTING JOHNSON

DISPUTE CROWING OUT OF MEAT BILL IS ONLY REASON THAT CAN BE FOUND FOR JOHNSON HAVING AN ENEMY

CORONOR'S JURY RENDERS VERDICT

County Coroner J. I. Pollum, of DuBois, went to Janesville yesterday and held an inquest and investigation of the facts and circumstances surrounding the assassination from ambush of Augustine Johnson, of Ginter, at a point on the public road midway between Ginter and Janesville about a o'clock Wednesday afternoon last.

After viewing the body and the scene of the shooting the coroner's jury returned a verdict to the effect that Augustine Johnston came to his death as the result of a gunshot wound from the hands of a party or parties unknown and recommended that Peter Burchessi, of Ginter be held for investigation in connection with the killing.

No positive clue could be unearthed as to the perpetrator or motive for his crime. The theory that the killing grew out of real or fancied trouble between Mrs. E. J. Mountz and workmen formerly employed by her was wrong as nothing of the kind entered into or had any connection with the murder.

Johnson was an inoffensive hardworking man and good citizen, on good terms with and generally respected by the entire community in which he lived and worked.

The Coroner's investigation disclosed however that he is alleged to have had some difficulty with Burchessi over a meat bill he owed the latter, and it is also alleged that Burchessi assaulted Mrs. Johnson when he went to the house to collect the bill and that Johnson threatened to prosecute the meat man. Burchessi is further alleged to have made threats against the life of Johnson and following the

U. S. DEBT RISES \$10,755,000 TO \$21,324,672,000

WASHINGTON, Sept. 2.—Federal guarantee of railroad earnings resulted in an increase in the public debt of \$10,755,000 during August. Treasury figures issued today show the nation's gross debt to be \$21,324,672,000.

Advances to the carriers against probable deficits during the month reached nearly \$160,000,000. On this basis Treasury officials figured there would have been a slight reduction in the public debt had not the earnings guarantee been in effect.

The figures show redemption of approximately \$2,500,000 in Liberty bonds during the last thirty days, about \$1,500,000 of which were of the third loan.

MARRIED

Today at the Trinity M. E. parsonage in Clearfield a quiet wedding was solemnized when Miss Twila Elvira Schard, of New Millport, Pa., became the bride of Paul Kepner Jarrett of Derry, Pa.

The bride was attired in a tan tulle wedding suit and the groom wore a blue business suit. Mr. and Mrs. Jarrett left Clearfield on the 1:55 train and will spend the evening and night in Derry, Pa., with J. E. Wynn. They will spend the Sabbath in Pittsburgh with P. L. Jarrett, brother of the groom. On Monday they will leave Pittsburgh for an extended wedding tour and will see Niagara Falls and other places of beauty which the States can boast.

Mr. Jarrett is employed by the P. R. R. Co. as draftsman, with headquarters at Johnstown. They will be married by Rev. H. L. Jarrett of New Millport, Pa., brother of the groom.

ENGAGED COUPLES STUDY EUGENICS

HERNE BAY, KENT. (By Mail).—Numbers of engaged couples have applied for admission to the Summer School of Eugenics just opened here.

They will be instructed in heredity, biology, psychology and the social application of eugenics.

Couples who came down here this summer with the frivolous intention of enjoying themselves are being lured into serious discussions of each other's suitability, and some quite advanced engagements are being broken off.

For instance, one young man consulted the school regarding his fiancée who had a deplorable habit of ejaculating "D—n!" every time she lost a stroke at tennis. Bad language, he learned was not hereditary, but it was certainly "anti-social," and it evidenced a lack of self-control which undoubtedly was due to heredity. Then the young man took to weighing up one or two actions of his impending father-in-law and decided there was too much heredity to fight against. So he withdrew his credentials, asked for the ring back and got a real eye-opener as to what the beloved could do in an emergency so far as language was concerned.

Since then he has been patting himself on the back for his far sightedness in studying psychology.

In the new school, love is a thing which matters little. The impassioned torrent of words which fell from the old-time lover's lips now boils itself down to:

"What did your grandmother die of?"

Money talks all right but it pleases if the sound comes from a savings account.

The older a man is the more amusement the neighbors get out of his love affairs.

It requires something of a genius to spend his vacation without spending all his money.

If a man works hard to get his money he needs a lot of judgment in knowing how to spend it.

One of the home brews that was never appreciated was the boneset tea mother used to make.

Some grinch wants to know if the election boards will be expected to provide mirrors and powder puffs for the voting booths.

Henry Woodhouse, editor and publisher of various aeronautical publications, says that the United States Treasury has already paid approximately two billion dollars on our aircraft program and that aircraft contracts still remain to be liquidated.

Mr. Woodhouse says "more than 15,000 airplanes, more than 40,000 airplane motors and more than 900 observation balloons were manufactured under these contracts, but only about one thousand American made airplanes and a small part of the balloons ever went overseas."

"The American public will pay more than \$100,000,000 a year interest on this aircraft program."

"Less than 200 American built airplanes actually flew over the German lines during the war, and yet the chief of the air service testified before the Ways and Means Committee of the House of Representatives June 1 last, that the army had not enough airplanes and had no airplanes for sale."

"Thirty thousand college men went under training as aircraft pilots. Approximately 200,000 people worked on the aircraft industry."

"What the public should demand is knowledge why, instead of this industry, being supported by the government as a means of national defense by permitting trained pilots and the people interested in aviation to buy the Government surplus equipment, there should have been a deliberate attempt to destroy American airplanes that cost the United States more than \$100,000,000."

"The public should demand of the authorities the reasons for the burning in France, after the war, of American airplanes which had cost several millions. Why were not these airplanes returned to this country and sold to the public like other war material not required after the close of the war?"

"It is a fact that hardly any reliable information could be obtained regarding the aircraft waste and scandals during the war. It has been impossible for the public to learn how the tremendous sum of close to two billion dollars was spent or what was done after the war with the fifteen thousand aeroplanes and forty thousand aeroplane motors built between 1917 and 1919."

"Hundreds of ex-army and navy pilots were anxious to purchase aeroplanes and equipment at the salvage prices prevailing after the war. Such opportunity was given the pilots of other countries. The navy sold a limited number of its seaplanes in the Spring and Summer of this year, but the army has never given trained pilots the opportunity to buy salvage equipment."

"It was officially told the Ways and Means Committee last June that the army had only a couple of thousand aeroplanes left and had none for sale. The army sold about 3,000 surplus military aeroplanes to manufacturers at a few hundred dollars which had cost \$10,000 each. These manufacturers resold them to army and navy aviators at enormous profit. But it is stated that approximately 5,000 aeroplanes and as many motors are unaccounted for. Where are the aeroplanes and balloons that cost the American public over \$2,000,000,000 and for which the public will have to pay over \$100,000,000 in taxes annually?"

OPERATORS REFUSE TO MEET SCALE BODY

(Continued From Page One.)

with the tonnage rate fixed therein, and that in a number of districts the doubt has been resolved in favor of an increase in said day rate. The membership of this association is willing to resolve the same doubt in favor of the day men of District No. 2 and it, therefore, has been agreed, provided you accept the same by proper action of your organization, to amend our present agreement of April 26, 1920 as follows, to wit:

1. To the wages of all day men here shall be added the sum of one dollar and fifty cents (\$1.50) per day, except trappers, greasers, boys and all others not receiving men's wages; the excepted classes above named, however, shall receive an advance of eighty-two (82) cents per day.

2. That the advances herein provided for shall become effective as of August 16, 1920 and continue during the balance of the contract period.

We call attention to the fact that the settlement by mine workers and operators made in the states comprising the Central Competitive Field are identical with our proposal and we, therefore, feel that we are in full accord with the president's suggestion and with the resulting adjustment made in other fields.

We hope that your organization will accept this conclusion and upon being advised of your acceptance we are ready to execute this amendment.

in writing with the proper officials of your organization.

Respectfully submitted,
D. M. CLARK,
President
Association of Bituminous
Operators of Central Penna.

Must Be Worth It.

It is estimated that an expenditure of \$100,000,000 would be required to equip the United States with all the tools necessary to bring its production up to the highest possible production.

MICKIE SAYS:

Reading is Better Than Rummaging

When you go to buy a pair of boots, a cap of peas, or a kitchen cabinet, do you know what you want? Or do you just take "pot luck?"

You can save many a dollar and many an hour's time if you know beforehand what your money is going to get you—and where to go to get it.

Merchants with established reputations are the best with whom to deal.

Merchandise with established reputation is always the best to buy.

If it's clothing, you know how well it should wear and what the style should be.

If it's a musical instrument, you know what to expect in tone and workmanship.

If it's a carpet sweeper, you know what kind of service it should give.

David Crockett said, "Be sure you're right then go ahead." The way to be sure of the goods you buy is to read advertisements regularly. Then you won't go wrong.

Reading advertisements is far better than rummaging around aimlessly.

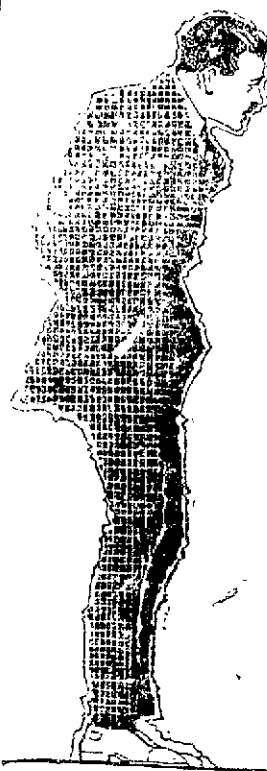

Don't Shiver!

THESE cool mornings and evenings there's nothing so comforting as an Electric Heater.

Don't waste coal starting the furnace so early. Electrical heat is quick, healthy, convenient. No oil, no smoke, no delay. Just snap it on a wall socket, or a ceiling light. In a few minutes the coolest room is warm and cozy—any room in the house.

It's fine for the sick room, for office, schoolroom and store. In the bath room it becomes a luxury.

Don't wait until you begin to shiver. Order yours today!

Snap it off. Snap it on.

C. & S. ELECTRIC CO.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Mrs. Susan Gallaher, wife of Hugh Gallaher, died in Clearfield hospital Friday morning at about 2 o'clock, aged 62 years. Her maiden name was Towles, and she was born and raised in Altmar, N. Y., and was married to Hugh Gallaher in 1876. Prior to her marriage she was of the Methodist faith, but later united with the Catholic church of which her husband was a member. Prior to the family coming to Curwensville to reside, they were located at Olean, N. Y. The family have been residents of this place for the past twelve years. She is survived by her husband, four sons and one daughter, viz: Leonard Gallaher of Akron, O.; Charles, Oryston, Pa.; Francis of Rochester, N. Y.; Edward and Miss Mary, of this place. Deceased was taken ill last week, and on Monday last was taken to Clearfield hospital where she intended to undergo an operation, but she failed in health so rapidly that her physician thought it unwise to do so. Her funeral will be held from St. Timothy church on Monday afternoon at 2 o'clock, and from thence the body will be conveyed to Clearfield and interred in the new Catholic cemetery.

Raymond L. Wood and Miss Maym Carey, both of Bloom township, were united in wedlock at the M. E. parsonage, by Rev. J. C. Collins, on Wednesday evening last.

Misses Lucy and Edith Brenetti left on Friday noon for Altoona and will remain in that city over the Sabbath visiting with relatives.

Mr. Howard Moore, of DuBois, spent the week end in Curwensville among relatives. He was raised in this vicinity but has been a resident

of the city across the mountains, for these many years.

Mack's Crescent ball team added another victory to their scalp pole Thursday afternoon by defeating the Glen Richey club on the home grounds by a score of 15 to 8. The third nine from here went to Clearfield the same day and returned home jubilant after winning a game from the down river fellows by a score of 2 to 1.

Mrs. C. S. Russell entertained a number of out of town friends at a luncheon yesterday afternoon.

Rev. Umberger, from Maryland, will preach in Grace Lutheran church on Sunday evening at 7:30 o'clock. He will preach to the Lutheran congregation at Mahaffey in the morning. Curwensville people are cordially invited to attend the evening services.

Rev. Dr. E. A. Pyles, District Superintendent, will preach in the Methodist church on Sunday morning at the usual hour of holding worship.

Cecil Wall, son of Charles Wall, who spent the greater part of the summer months visiting the Kerns boys in northern Montana, has returned to his home in this place. He was much pleased and benefited by his western trip and is of the opinion that the west is a country for a young man.

Lester Bartell, who is located at Akron, O., is home for a short visit with kin folks.

WOODLAND

Vendon Knapp has moved his family to Arcadia where he is employed at the company store at that place.

Mr. and Mrs. Wm. Bauger has returned from Akron, Ohio, where they have been visiting their daughter.

spent the week end with friends here.

Walter Eshelman of Johnstown and Mrs. Guy Stevens attended the funeral on Sunday of the late's grandmother, Mrs. Sarah Horn, late of Reynoldsville.

Miss Marjory Snyder who has been home from Bradford on a visit to her

parents, is now visiting relatives in Pittsburgh.

Miss Bessie Graffius of Pleasant Valley was the guest on Sunday of Miss Lulu Willsoncroft.

Fred Herbert and family spent Sunday with relatives in Munson.

The Misses Erma and Mary Pickles have returned home after spending several weeks with relatives near Philadelphia.

Mr. and Mrs. Jas Meader and family of Clearfield spent Sunday at the home of Jno. Palmer in Mineral Springs.

Mrs. W. J. Brown and little daughter of Clearfield spent Thursday at the home of Mr. and Mrs. Carl Wisor.

Mrs. Lloyd Stevens and daughters Gladys and Grace of Bigler spent Thursday with relatives here.

The young ladies Philathea Class of the M. E. Sunday School picnicked at Camp Golden Rod on Thursday.

The Woodland second ball team played a game of ball on Thursday evening with the Clearfield team. The score was 4-2 in favor of the home team.

Clay Undercoffer and Miss Anna Peters surprised their friends on Wednesday by slipping away to Cumberland, Md., where they were married. Both young people are well known here and have the best wishes of a host of friends.

Mrs. Robert Heberling and son Jack of Tyrone are spending the week with relatives here.

GRAMPIA N

Mr. and Mrs. J. I. Spencer left Thursday for extended visit with relatives in Akron, Ohio.

A son was born to Mr. and Mrs. Ralph Guiter on Wednesday.

Mr. and Mrs. Raymond Walker, who have been residing in Akron for some time past, have returned to Grampia.

Mrs. Calvin Guiter and Miss Alice Spencer spent Friday with Mrs. Paul Curry at Lumber City.

Miss Vida Ellinger is under the doctor's care.

Origin of "A 1"

"A 1" is a symbol originating in the Lloyd's Maritime Insurance association denoting a ship that has been found first-class in construction and equipment. The "A" is for good construction and the "1" for good equipment.

What the Flowers Tell.

Wild rose, loyalty; carnation, admiration; violet, modest strength; Easter lily, purity; lily of the valley, sweetness and modesty; rose, happy love; daisy, gentleness; water lily, influence; poppy, contentment; cosmos, hope; chrysanthemum, friendship; holly, triumph.

Mixture of Many Languages.

Modern English is a composite of Latin and the language of the ancient Britons who were conquered by the Romans, together with many Scandinavian words introduced by the Danes when they conquered England, German words brought by the Saxons, and French words brought by the Normans. There is scarcely a language that has not contributed something to modern English, but those mentioned have been the largest contributors. Many technical words have been taken from the Greek.

Ever Think of That?

There is a natural aversion to seeing any creature contented and happy. A man who goes fishing seldom does so because he is hungry. All he wants to do is to make trouble for the fish. —Exchange.

Easy To Darken Your Gray Hair

Try this! Brush Sage Tea and Sulphur Compound thru your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, the at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improve by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

**Properly Shod Kiddies
Make Better Report Marks**

You're going to send your kiddies to school on Tuesday—will they be properly shod? If they're shod in **EDUCATOR SHOES**, they will have shoes on their feet that will allow them perfect freedom and yet complete foot protection combined with shoe style.

Of course we have other lines of shoes for school children and these when fitted by our practical shoe fitter, who thoroughly understands the human foot and its requirements, will give you a dollar's worth of service for every hundred cents invested.

Store closed all day Monday.

**You Need
Good Clothes
For the Holiday**

This Labor Day, when everyone is enjoying himself, you will find that at the gathering or at the dance, clothes play an important part in a person's social activities. If he is well dressed he is at ease—he makes friends quickly.

Society Brand Clothes give the man who wants to appear at his best all that style, fit and finish can do. Known as the style leaders of America they also give good, long service because they're hand-tailored of all-wool fabrics. They hold their shape because it is tailored into them.

We carry these stylish clothes in a variety of models. See them today.

THE FRANKLIN
ROSEBAND

THE FRANKLIN

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation
(National Averages)

In cold weather when comfortable, reliable transportation becomes more than ever desirable, the Franklin Sedan renders a performance that has no counterpart.

You do not have to bother with "cold morning" starting troubles, nor fuss with non-freezing solutions when you drive a Franklin Sedan. It adds the mental comfort of its freedom from radiator worry to the bodily comfort of protection from inclement weather.

SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(Copyright, 1920, Western Newspaper Union.)

LESSON FOR SEPTEMBER 5 THE BUILDING OF THE TEMPLE.

LESSON TEXT—I Kings 5:1-36.
GOLDEN TEXT—Mine house shall be called a house of prayer for all people.—Isa. 56:7.

ADDITIONAL MATERIAL—II Chron. 2:1-17.
PRIMARY TOPIC—God's House.
JUNIOR TOPIC—Solomon Builds the Temple.
INTERMEDIATE AND SENIOR TOPICS—Putting Our Best into the House of God.
YOUNG PEOPLE AND ADULT TOPIC—The Value of a House of Worship.

I. Solomon's Preparation (5:1-18).
He secured from King Hiram:

1. Wood for beams, ceilings, sheeting, and chambers around the holy house.

2. Stones for the great foundation. These were secured from the Phoenician quarries and also from the mountain upon which the temple was built. They were so shaped that when the temple was erected there was no sound of a hammer heard.

3. Skilled workmen. Among the Israelites were not to be found men skilled in this kind of work, so the king arranged with Hiram, to furnish capable men.

II. Solomon Building the Temple (6:1-38).

1. The location—Mount Moriah (II Chron. 3:1). This was a suitable location, as it was here that the Lord appeared to Solomon's father, David.

2. The dimensions and materials. "If a cubit was 18 inches, the temple proper was 90 feet long, 30 feet wide and 45 feet high."

3. The contents: (1) Brazen altar; (2) laver; (3) golden candlestick; (4) cherubim.

III. The Dedication of the Temple (8:1-66).
The dedication of the temple was arranged to take place at a very favorable time. The success of an undertaking is largely determined by the time in which it is held. This was arranged to take place at the most joyous of the several representative gatherings of the Jews. The dedicatory services consisted of the following:

1. Bringing up the ark (vv. 1-11). The ark was God's dwelling place. The ark with the two tables of stone under the mercy seat shows God manifesting himself with his people on the ground of a law perfectly kept and sins atoned for by the shedding of blood. Following the completion of the sacrifice, the temple was filled with the glory of Jehovah.

2. Solomon's address to the people (vv. 2-21). He pointed out to the people that God had chosen David to be king, yet for certain reasons did not allow him to build the temple, but promised that his son should do the work. Now that the work was done, the temple was built, and the ark of the covenant was in its place, they could be assured that God had raised him up in the room of his father.

3. Solomon's dedicatory prayer (vv. 22-53). The ark having been placed in a most holy place, and the address to the people having been ended, the king pours out his soul to God in prayer. In this prayer Solomon gratefully acknowledges God's goodness in the past, giving glory to him, and pleads that his promise to his father be verified (vv. 22-29). He prays that God's eyes may continually be opened towards the temple which he had now taken possession of (vv. 27-33), so that (1) in case of contention between parties he would judge between them (vv. 31-32); (2) in case of being smitten

by the enemy, even though they had sinned, upon confession of the sin, God would forgive and restore (vv. 33, 34); (3) in case of famine as chastisement for sin, upon confession and prayer before the temple, God would forgive and send rain (vv. 35, 36); (4) in case of pestilence and sickness, if they prayed to God toward the temple, God would hear and forgive (vv. 37-40); (5) in case of the coming of the foreigner, who comes at the news of God's greatness, praying toward Jerusalem, his prayer should be heard (vv. 41-45); (6) in case of going out to battle, their cause should be maintained (vv. 44-45); (7) in case of being in captivity because of sin, God would hear their prayers and restore (vv. 46-53).

4. Solomon blesses the people (vv. 54-61). On the strength of the covenant promises, he invokes God's presence always to be with them and to keep them faithful, and exhorts the people to have their hearts perfect before God, walking in his commandments and statutes.

5. Solomon and the people offer sacrifices of thanksgiving (vv. 62-66). The joy of the people was full; they blessed God and the king.

Poverty Treads on Heels.
There is nothing keeps longer than a middling fortune, and nothing melts away sooner than a great one. Poverty treads on the heels of great and expected riches.—Brydger.

Every Day the Best Day.
Write it on your heart that every day is the best day in the year.—Ralph Waldo Emerson.

Evidence of Weakness.
Neutrality, as a lasting principle, is an evidence of weakness.—Kossuth.

WANTED—Lady or Gentleman Agent in the city of Clearfield for Watkins Famous Products. Known Everywhere. Big Profits. Write J. R. Watkins Co., 56 New York City. 9/4/21/18 25 pd

WANTED—Stenographer. Apply Clearfield Colliery Co., Murray Building, Clearfield, Pa. 9/4/20 ch

Drinking a Glass of Hot Water is a Splendid Habit

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can instead both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.

Study Music Under Capable Instructors

YOUR study of music is a serious matter; the musical instruction of your children is a more serious matter. A good start means everything. Going along smoothly means more. We have had pupils, who for various reasons have gone to metropolitan instructors and these pupils have been highly complimented on their ground work in musical training. We have graduates who have taken conspicuous places in the world of music that speaks volumes for the instruction that they received here.

With such real artistry, combined with special adaptation for imparting that artistry, the faculty presented by the Susquenanna College of Music this year is without a doubt the best we have ever offered.

The enrollment books are now open. Naturally the first enrollments get the better choice of lesson hours. Enroll before the term opens so as to avoid confusion and the possibility of missing a lesson.

TRINITY METHODISTS OBSERVE COLLEGE NIGHT

The fourth annual "College Night" service of the Trinity Methodist congregation will be held on Sunday evening. The Rev. Dr. Morris E. Swartz will deliver an address on the subject "A College Career As An Adventure." Many of Dr. Swartz's friends in the town without regard to denominational lines will doubtless take advantage of this opportunity of hearing again the former popular pastor of Trinity church.

The Sunday School is planning for a great Rally Day later in the month. The session tomorrow at 9:30 a. m. will open with a short centenary program. The attendance of one of the organized classes will be a surprise to some folks.

The Epworth League under the leadership of John C. Arnold will meet at 8:30 p. m.

On Monday there will be three sessions of the group Quarterly Conference. All Methodist Churches in the Clearfield group will be represented by pastors and laymen. Dr. Pyles, Dr. Swartz and Rev. E. C. Kebock, Superintendent of Sunday School Work, will be the speakers.

Mr. and Mrs. Grover Fisher, Boyd Myers, Misses Hazel and Edna Murray left on a motor trip to Williamsport, where they will spend Labor Day.

Miss Virginia Summerville is visiting in Clynner.

Mr. and Mrs. Guy Barger and child of Sewickley, Pa., are visiting at the home of Will and Frank Gilliland.

Mrs. H. S. Winner is the guest of relatives in Munson and Winburne.

Mr. and Mrs. Robert Daugherty and sons left for Philadelphia today to visit their daughter and sister Mrs. Ward Foster.

Walter Webster, manager of the steel works, is spending the week end in Philadelphia.

Miss Margaret McDonald entertained the T. L. C. Club last evening at her home on Cherry street. The evening was spent in dancing. Delicious refreshments were served.

Mr. and Mrs. S. H. Turner and children returned to their home in Elmira, N. Y., after visiting the former's parents, Mr. and Mrs. William Turner on Fifth street. Edwin Turner and James Polkinghorn accompanied them home to spend a few days.

Misses Ruth and Anna Edmiston returned to their home in Jersey Shore after visiting their aunt Mrs. C. C. Edmiston on Pine street.

Miss Edith Basley and brother Arthur and Kenneth Hazen of Somersdown, motored here and will spend Labor Day with Miss Lola Shirey on West Second street.

Miss Mattie Fullington of Indiana is spending Labor Day with her mother, Mrs. E. M. Fullington.

William Kenard is home from Pittsburgh for a few days.

Sam Rhinocsmith is spending Labor Day in Philadelphia.

Mr. and Mrs. Jones an children of Jersey Shore are guests at the home of Will and Frank Gilliland.

Miss Sarah Woods is spending a few days with her mother and father and friends at DuBois.

Mrs. Albert Wilson was taken to the Clearfield hospital for a serious operation.

Mr. and Mrs. Chas. Steinkorchner and brothers William, Thomas and Fred, made up a jolly party traveling by auto on their annual vacation, from Rochester, N. Y., via New York, Atlantic City, Philadelphia, and met their parents to spend the week end with their uncle and brother Wm. Eisenhauer. The Steinkorchners were former residents of Clearfield.

Mr. and Mrs. A. E. Youngren of Fort Wayne, Ind., are guests at the home of Mr. and Mrs. C. W. Fleck on Park avenue. From here they will go to visit friends in Buffalo, N. Y.

Mrs. A. E. Mignot is visiting relatives in Coudly.

Restoring Elasticity of Rubber.
Rubber articles that have become hard recover their elasticity in a short time if placed in a 3 per cent carbolic water or 3 per cent aniline solution. In the case of the carbolic solution it must not be forgotten that black goods exposed to it become gray. If it is desired to preserve the black or red color of the goods, that, too, can be done. A 1 per cent solution of potassium persulfate is employed. It is true that this smells unpleasant, but the restoration of elasticity is quite considerable.

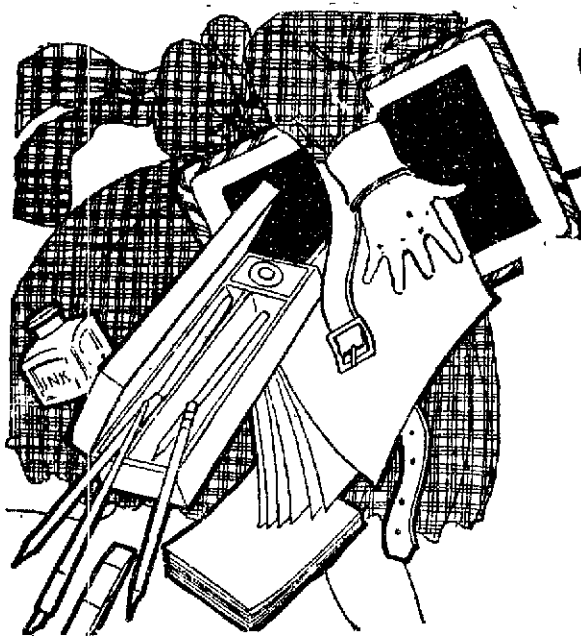

Truly Surprising.

OPERATORS REFUSE TO MEET NEW SCALE BODY

SANCITY OF CONTRACT IS INVOLVED THEY SAY

DEMANDS MADE, THEY AVER, ARE NOT
FOR THE PURPOSE OF CORRECTING
INEQUALITIES OF "WAGES"

OFFER HIGHER DAY WAGE HOWEVER

H. A. Boulton, Vice President and John C. Forsyth, Secretary, of the Association of Bituminous Coal Operators, tendered their resignations at yesterday's meeting of the association here at Clearfield. Both of these indefatigable workers for the operator of this region have tried at the performance of the arduous duties. Their resignation, however, was not acted upon but both announced that they want to be re-elected at the earliest possible date.

By formal action of the Executive Committee, approved by the entire membership of the association, the Association of Bituminous Coal Operators of District No. 2 emphatically refuse to meet with the committee set up by the U. M. W. of A. at DuBois recently for the purpose of re-opening scale matters.

Following is the reply made to President Brophy by President Clark of the operators:

Pennsylvania Sept. 3, 1920
Mr. John Brophy, President,
United Mine Workers of America,
District No. 2,
Clearfield, Pa.
Dear Sir:

Your recent communication addressed to me as President of the Association of Bituminous Coal Operators of Central Pennsylvania wherein you submitted a request for a modification of the scale agreement entered into between our association and the United Mine Workers of America, District No. 2, bearing date April 26, 1920, in accordance with eleven different demands made by a certain policy committee created by the delegates of a special convention of your organization held in DuBois August 19, 1920, were duly received. In pursuance of our request for a conference of the operator of our association with your policy committee to consider and discuss the demands presented, I called a meeting of the Operator Association here today, at which meeting the demands of the policy committee together with your communication were duly presented.

In pursuance of resolution made and adopted by the membership of our association the following letter was approved and directed to be mailed to you as the answer of the Association of Bituminous Coal Operators of Central Pennsylvania.

The Association of Bituminous Coal Operators of Central Pennsylvania closed its doors to the conference requested by the policy committee.

It is owing to the inability of the operator and the United Mine Workers of America to reach a scale of wages to be paid to the operators to be approved by a period dating from April 1, 1919 to March 31, 1922, that the conference was called.

It is owing to the inability of the operator and the United Mine Workers of America to reach a scale of wages to be paid to the operators to be approved by a period dating from April 1, 1919 to March 31, 1922, that the conference was called.

Central Pennsylvania to submit the Central District of Pennsylvania in agreement of the same tribunal. In pursuance of this request both the U. M. W. of A. of District No. 2 and the Association of Bituminous Coal Operators of the same district appeared at Washington, D. C. before the United States Coal Commission and agreed to abide by the findings of said commission and to adopt the same in the form of a scale agreement covering the period hereinafter mentioned.

That in pursuance of said agreement the Bituminous Coal Commission of the United States took cognizance and acted upon the same and rendered its award after full hearing has been granted to both parties and subsequently the United Mine Workers of America of District No. 2 and the Association of Bituminous Coal Operators of Central Pennsylvania met in the city of Philadelphia and incorporated the award of the United States Coal Commission into a formal scale agreement in writing bearing date the 26th day of April, 1920, which agreement was signed by the Executive Officers of your organization and our association and the respective scale committees connected therewith which agreement according to the terms thereof was to continue in force from April 1, 1920 to March 31, 1922.

The fulfillment of this agreement was guaranteed in writing by the officials of the U. M. W. of A. District No. 2 as well as the officials of your national organization, all of which was submitted by the officials of your organization to a special convention of the United Mine Workers of America District No. 2 subsequently convened at DuBois, Pa., wherein said agreement was ratified and approved.

Notwithstanding the solemn covenant made and consummated in the agreement of April 26, 1920 by the officials of your organization and the scale committee connected therewith, the fulfillment of which for a period of two years ending March 31, 1922 has been guaranteed by your district and national officers you now request by your recent communication the reconvening of a conference between our respective organizations for the purpose of considering and negotiating a new scale agreement covering the remaining portion of the period for which you are already under contract, as indicated by the eleven demands presented by your policy committee.

These demands are of so extreme a nature that they open up every question settled by the president's commission and subsequently incorporated in our present existing contract. Furthermore they contemplate an advance in wages for all classes of labor, and therefore cannot possibly correct any alleged inequalities that may now exist.

We must therefore, respectfully decline to enter into such a conference for the reason that such action denies the sanctity of the contract already in existence and repudiates the doctrine of collective bargaining which this association has recognized for many years in dealing with your organization.

Our attention has been called, however, to the fact that other associations throughout the United States are dealing with your organization, have recognized the fact that the wage award of a labor might possibly, as has been done by the award of the commission, be inequitable as compared

NEW ENGLAND BALL LOVER PAY TRIBUTE TO LOCAL TWIRLER

Clearfield's baseball fans and Clearfield people generally will be very sorry to learn that Billy Adams, the baseball pitcher, who played with Hartford, Connecticut in the Eastern League, the past season, is lying very seriously ill at his home in Hartford, with little or no hope for his recovery.

Billy is suffering from an affection of the heart and will never be able to play ball again even though he should recover from his present attack.

The Hartford Courant of Thursday last had the following to say of the big pitcher and his troubles:

"Big Billy" Adams, one of the greatest pitchers of the Spalding to ever don a Hartford uniform, has pitched his last game of baseball.

Today, on his bed, in his home on Buckingham street, the elongated and hardworking pitcher is lying, critically ill of a heart ailment, his life, at times, being despaired of by the attending doctor and his little wife, who is constantly at his bedside.

Even though he recovers he will not be able to again pick up his glove, still out to the mound and leave them over as he once did. His days of baseball have ended.

But, though his days of work on the diamond are finished, this work has not been in vain. He has made hundreds of friends through his gritty performances on the mound and today these friends have been called together for the purpose of getting up a benefit for the invalid pitcher.

Already the work has been started. A collection taken by the New Haven players Sunday netted more than \$400 while, in Waterbury and Albany, on the same day, substantial amounts were raised. To top all this, a big benefit day, "Big Bill" Adams' own day, will be held at the Wethersfield avenue ball grounds Monday afternoon, September 13, the day after the close of the Eastern League pennant race.

The Hartford team will, on that day, play a collection of Eastern League stars. "Chief" Bender, one of the greatest attractions in minor league ball, will be here and, besides pitching a couple of innings, will give an exhibition of his trapshooting ability. Ray Grimes and other stars of the circuit will also play, though the opposing team will be mostly Waterbury players.

DENTISTS OF ELK, CLEARFIELD AND JEFFERSON COUNTIES MEET

Dentists of Jefferson, Elk and Clearfield counties assembled in DuBois yesterday and organized a district Dental society by electing the following officer: A. J. Anthony, of DuBois, president; Joseph L. Robinson, of Punxsutawney, vice president; J. L. Eberly, of Johnstown, treasurer; and this executive committee: K. G. Lenhart, E. M. Woolfort, Reed A. Wilson, P. L. Showers, L. R. Brown, G. Gaffney, James Clark and Joseph McCulloch.

Thirty-three dentists were in attendance at the meeting, which proved to be an interesting and profitable one. Dr. Earl Chestnut, of Brookville, delivered the addresses of welcome. Dr. T. O. Heatwole, dean of University of Maryland, delivered an address upon "The Advantages of a Dental Education." Dr. Alexander Patterson, of Baltimore, formerly of DuBois conducted a platemaking clinic.

Dr. J. L. Robinson, K. G. Lenhart, were the Punxsutawney dentists in attendance.

Miss Marjorie S. Snyder, of Bradford, formerly of Woodland, was a shopper in town today and was entertained at the Dimeling at a luncheon.

INDIANA COUNTY GROWS

WASHINGTON, Sept. 4.—The Census Bureau today announced the following 1920 population figures: Armstrong County 75,568, Indiana County 31,111. Increase since 1910 in Armstrong County 7,688 or 11.5, and in Indiana County 14,901 or 22.5.

Miss Marie Voucheb has returned to her home in Coudy after a visit with relatives here.

CHAMP DEMPSY TO MEET BILLY MISKE ON NEXT MONDAY

BENTON HARBOR, MICH., Sept. 4.—For the first time since he won the championship from Jess Willard at Toledo, O., last year, Jack Dempsey will defend the heavyweight title when he meets Billy Miske of St. Paul in a ten-round bout this Monday.

Dempsey has met Miske twice and claims the newspaper decision both times. Miske concedes the fact that Dempsey licked him at Philadelphia in the fall of 1918 but claims their ten round bout in May, 1918, at St. Paul was a draw. Both men expect to win by a knockout.

Though the amount which the scrappers are to receive has not been made public the reports are that Dempsey's end will be \$50,000 and a percentage of the receipts over a certain amount. Miske, the same reports, states, will get \$20,000. The arena at which the fight is to be held will hold approximately 15,000 and with prices ranging from five to thirty dollars a seat promoter Floyd Fitzsimmons expects to make a nice cleanup.

Both men spent the three weeks preceding the bout training here. They claim to be in great form. Dempsey's followers expect him to hand Miske the sleeping pill within the first five rounds. Miske's supporters believe that if the St. Paul boxer can stick five rounds he will knock out Dempsey.

Supporting Miske's belief that he will beat Dempsey is the statement of Jack Reddy, the former's manager, that Miske has been entirely made over and will enter the ring a 100 per cent. piece of fighting machinery.

According to Reddy, in the bouts which Miske has met Dempsey, the St. Paul man was handicapped. Reddy claims the Miske has suffered from a curvature of the spine for years but now is completely cured. Miske, he says, gained one inch in height and added 15 pounds to his fighting weight. Both men are expected to enter the ring at from 190 to 200 pounds.

Both have been married. Dempsey is divorced. Miske has a wife and two children in St. Paul.

Dempsey is from Chicago. Miske is the son of a St. Paul policeman.

HE'S A JOLLY GOOD FELLOW

We reserve the right to roar about our steam bill later on and expatiate at length about greedy, grinding, grasping public service corporations, but just now our hat is off to Supt. A. M. Pearce, of the Penn Public Service Company. He is a real public benefactor. He had the steam plant fired up yesterday afternoon and users of city steam are reveling in well heated quarters this cool, chilly September morn.

MONARCHISTS MAY SEIZE OPPORTUNITY TO RESTORE THRONE

BERLIN, Sept. 4.—Reports were circulated here today that plans for a monarchistic counter revolution in Russia on a much greater scale than any since the establishment of the Soviet government were being formed today. If the revolution succeeds in Russia the Germans will launch a revolution and link it up with Russia. The Berlin correspondent of the Tageblatt revealed that many wealthy representatives of the former Czar were gathering in the Austrian capital. Prominent German business men were said to be preparing to donate funds and support the German end of the proposed double counter revolution.

IRISH BELIEVE MACSWINEY DEATH A CERTAINTY NOW

LONDON, Sept. 4.—Believing the death of Lord Mayor MacSwiney of Cork is "a foregone conclusion" his friends today planned huge funeral demonstrations throughout England and Ireland. "The body will probably be held in England a week for the coroner's inquest and other rites," said Arthur O'Brien, president of the Gaelic league. "I think we will hold gigantic public services in London with even larger ones in Cork and Dublin." Irish newspapers are preparing also to make capital of the dramatic setting of MacSwiney's imprisonment, probably death. They will appeal to the Irish in England, Scotland, Australia, Canada and the United States "to make a protest that will shake the foundation of the British empire." On the 23rd day of his hunger strike Mac Swiney appeared to be lifeless.

Mrs. MacSwiney cabled to President and Mrs. Wilson pleading with them to use their influence in obtaining her husband's release.

BELFAST, Sept. 4.—Although rioting between the Protestants and Catholics have ceased fear was expressed by government officials that the expected death of Lord Mayor MacSwiney of Cork would cause a renewal of the outbreaks here and elsewhere throughout Ireland. British military officials were preparing for any movement. Sir Edward Carson is anxiously awaiting word to mobilize the Ulster Volunteers. It is reported that that body has reached its pre-war strength. Sinn Feiners were threatening to retaliate if the Volunteers were used by the government.

JANESVILLE MAN HELD FOR SHOOTING JOHNSON

DISPUTE CROWING OUT OF MEAT BILL IS ONLY REASON THAT CAN BE FOUND FOR JOHNSON HAVING AN ENEMY

CORONOR'S JURY RENDERS VERDICT

County Coroner J. I. Pollum, of DuBois, went to Janesville yesterday and held an inquest and investigation of the facts and circumstances surrounding the assassination from ambush of Augustine Johnson, of Ginter, at a point on the public road midway between Ginter and Janesville about a o'clock Wednesday afternoon last.

After viewing the body and the scene of the shooting the coroner's jury returned a verdict to the effect that Augustine Johnston came to his death as the result of a gunshot wound from the hands of a party or parties unknown and recommended that Peter Burchessi, of Ginter be held for investigation in connection with the killing.

No positive clue could be unearthed as to the perpetrator or motive for the crime. The theory that the killing grew out of real or fancied trouble between Mrs. E. J. Mountz and workmen formerly employed by her was wrong as nothing of the kind entered into or had any connection with the murder.

Johnson was an inoffensive hardworking man and good citizen, on good terms with and generally respected by the entire community in which he lived and worked.

The Coroner's investigation disclosed however that he is alleged to have had some difficulty with Burchessi over a meat bill he owed the latter, and it is also alleged that Burchessi assaulted Mrs. Johnson when he went to the house to collect the bill and that Johnson threatened to prosecute the meat man. Burchessi is further alleged to have made threats against the life of Johnson and following the

U. S. DEBT RISES \$10,755,000 TO \$21,324,672,000

WASHINGTON, Sept. 2.—Federal guarantee of railroad earnings resulted in an increase in the public debt of \$10,755,000 during August. Treasury figures issued today show the nation's gross debt to be \$21,324,672,000.

Advances to the carriers against the noble deficit during the month reached nearly \$160,000,000. On this basis Treasury officials figured there would have been a slight reduction in the public debt had not the earnings guarantee been in effect.

The figures show redemption of approximately \$2,500,000 in Liberty bonds during the last thirty days, about \$1,500,000 of which were of the third loan.

MARRIED

Today at the Trinity M. E. parsonage in Clearfield a quiet wedding was solemnized when Miss Twila Elvira Schard, of New Millport, Pa., became the bride of Paul Kepner Jarrett of Derry, Pa.

The bride was attired in a tan tulle wedding suit and the groom wore a blue business suit. Mr. and Mrs. Jarrett left Clearfield on the 1:55 train and will spend the evening and night in Derry, Pa., with J. E. Wynn. They will spend the Sabbath in Pittsburgh with P. L. Jarrett, brother of the groom. On Monday they will leave Pittsburgh for an extended wedding tour and will see Niagara Falls and other places of beauty which the States can boast.

Mr. Jarrett is employed by the P. R. R. Co. as draftsman, with headquarters at Johnstown. They will be married by Rev. H. L. Jarrett of New Millport, Pa., brother of the groom.

ENGAGED COUPLES STUDY EUGENICS

HERNE BAY, KENT. (By Mail).—Numbers of engaged couples have applied for admission to the Summer School of Eugenics just opened here.

They will be instructed in heredity, biology, psychology and the social application of eugenics.

Couples who came down here this summer with the frivolous intention of enjoying themselves are being lured into serious discussions of each other's suitability, and some quite advanced engagements are being broken off.

For instance, one young man consulted the school regarding his fiancée who had a deplorable habit of ejaculating "D—n!" every time she lost a stroke at tennis. Bad language, he learned was not hereditary, but it was certainly "anti-social," and it evidenced a lack of self-control which undoubtedly was due to heredity. Then the young man took to weighing up one or two actions of his impending father-in-law and decided there was too much heredity to fight against. So he withdrew his credentials, asked for the ring back and got a real eye-opener as to what the beloved could do in an emergency so far as language was concerned.

Since then he has been patting himself on the back for his far sightedness in studying psychology.

In the new school, love is a thing which matters little. The impassioned torrent of words which fell from the old-time lover's lips now boils itself down to:

"What did your grandmother die of?"

Money talks all right but it pleases if the sound comes from a savings account.

The older a man is the more amusement the neighbors get out of his love affairs.

It requires something of a genius to spend his vacation without spending all his money.

If a man works hard to get his money he needs a lot of judgment in knowing how to spend it.

One of the home brews that was never appreciated was the boneset tea mother used to make.

Some grinch wants to know if the election boards will be expected to provide mirrors and powder puffs for the voting booths.

Henry Woodhouse, editor and publisher of various aeronautical publications, says that the United States Treasury has already paid approximately two billion dollars on our aircraft program and that aircraft contracts still remain to be liquidated.

Mr. Woodhouse says "more than 15,000 airplanes, more than 40,000 airplane motors and more than 900 observation balloons were manufactured under these contracts, but only about one thousand American made airplanes and a small part of the balloons ever went overseas."

"The American public will pay more than \$100,000,000 a year interest on this aircraft program."

"Less than 200 American built airplanes actually flew over the German lines during the war, and yet the chief of the air service testified before the Ways and Means Committee of the House of Representatives June 1 last, that the army had not enough airplanes and had no airplanes for sale."

"Thirty thousand college men went under training as aircraft pilots. Approximately 200,000 people worked on the aircraft industry."

"What the public should demand is knowledge why, instead of this industry, being supported by the government as a means of national defense by permitting trained pilots and the people interested in aviation to buy the Government surplus equipment, there should have been a deliberate attempt to destroy American airplanes that cost the United States more than \$100,000,000."

"The public should demand of the authorities the reasons for the burning in France, after the war, of American airplanes which had cost several millions. Why were not these airplanes returned to this country and sold to the public like other war material not required after the close of the war?"

"It is a fact that hardly any reliable information could be obtained regarding the aircraft waste and scandals during the war. It has been impossible for the public to learn how the tremendous sum of close to two billion dollars was spent or what was done after the war with the fifteen thousand aeroplanes and forty thousand aeroplane motors built between 1917 and 1919."

"Hundreds of ex-army and navy pilots were anxious to purchase aeroplanes and equipment at the salvage prices prevailing after the war. Such opportunity was given the pilots of other countries. The navy sold a limited number of its seaplanes in the Spring and Summer of this year, but the army has never given trained pilots the opportunity to buy salvage equipment."

"It was officially told the Ways and Means Committee last June that the army had only a couple of thousand aeroplanes left and had none for sale. The army sold about 3,000 surplus military aeroplanes to manufacturers at a few hundred dollars which had cost \$10,000 each. These manufacturers resold them to army and navy aviators at enormous profit. But it is stated that approximately 5,000 aeroplanes and as many motors are unaccounted for. Where are the aeroplanes and balloons that cost the American public over \$2,000,000,000 and for which the public will have to pay over \$100,000,000 in taxes annually?"

OPERATORS REFUSE TO MEET SCALE BODY

(Continued From Page One.)

with the tonnage rate fixed therein, and that in a number of districts the doubt has been resolved in favor of an increase in said day rate. The membership of this association is willing to resolve the same doubt in favor of the day men of District No. 2 and it, therefore, has been agreed, provided you accept the same by proper action of your organization, to amend our present agreement of April 26, 1920 as follows, to wit:

1. To the wages of all day men here shall be added the sum of one dollar and fifty cents (\$1.50) per day, except trappers, greasers, boys and all others not receiving men's wages; the excepted classes above named, however, shall receive an advance of eighty-two (82) cents per day.

2. That the advances herein provided for shall become effective as of August 16, 1920 and continue during the balance of the contract period.

We call attention to the fact that the settlement by mine workers and operators made in the states comprising the Central Competitive Field are identical with our proposal and we, therefore, feel that we are in full accord with the president's suggestion and with the resulting adjustment made in other fields.

We hope that your organization will accept this conclusion and upon being advised of your acceptance we are ready to execute this amendment.

in writing with the proper officials of your organization.

Respectfully submitted,
D. M. CLARK,
President
Association of Bituminous
Operators of Central Penna.

Must Be Worth It.

It is estimated that an expenditure of \$10,000,000,000 would be required to equip the United States with all the tools necessary to bring its production up to the highest possible production.

"STRING BEANS"

The Cosmopolitan never printed Toby Watkins' poetry, but—Toby surely knew beans. And the Sawbert refused to recognize in him a second Longfellow, the little village was grateful when he saved their "string bean" dollars. It's SOME picture—and we're not "stringing" you, either.

SATURDAY
Owen Moore

In P. G. Wodehouse's Saturday Evening Post Story
"PICCADILLY JIM"

He simpy could not resist a pretty face. He was gay, adventurous and romantic—she was young and beautiful, and she needed his help. She got it and his heart as well. A comedy romance with a million laughs.

ADDED ATTRACTIONS EACH DAY

The Old Bank In New Quarters

We are now established in our enlarged and remodeled banking rooms.

With larger quarters and better equipment we are prepared to handle all branches of banking business. Every department of the bank is ready to serve you.

We invite you to call and inspect our new banking rooms.

The Oldest Bank in Clearfield County

The County National Bank
OF CLEARFIELD

Reading is Better Than Rummaging

When you go to buy a pair of boots, a cap of peas, or a kitchen cabinet, do you know what you want? Or do you just take "pot luck?"

You can save many a dollar and many an hour's time if you know beforehand what your money is going to get you—and where to go to get it.

Merchants with established reputations are the best with whom to deal.

Merchandise with established reputation is always the best to buy.

If it's clothing, you know how well it should wear and what the style should be.

If it's a musical instrument, you know what to expect in tone and workmanship.

If it's a carpet sweeper, you know what kind of service it should give.

David Crockett said, "Be sure you're right then go ahead." The way to be sure of the goods you buy is to read advertisements regularly. Then you won't go wrong.

Reading advertisements is far better than rummaging around aimlessly.

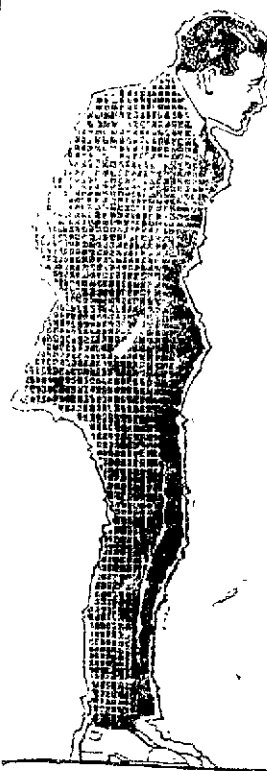

Don't Shiver!

THESE cool mornings and evenings there's nothing so comforting as an Electric Heater.

Don't waste coal starting the furnace so early. Electrical heat is quick, healthy, convenient. No oil, no smoke, no delay. Just snap it on a wall socket, or a ceiling light. In a few minutes the coolest room is warm and cozy—any room in the house.

It's fine for the sick room, for office, schoolroom and store. In the bath room it becomes a luxury.

Don't wait until you begin to shiver. Order yours today!

Snap it off. Snap it on.

C. & S. ELECTRIC CO.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Mrs. Susan Gallaher, wife of Hugh Gallaher, died in Clearfield hospital Friday morning at about 2 o'clock, aged 62 years. Her maiden name was Towles, and she was born and raised in Altmar, N. Y., and was married to Hugh Gallaher in 1876. Prior to her marriage she was of the Methodist faith, but later united with the Catholic church of which her husband was a member. Prior to the family coming to Curwensville to reside, they were located at Olean, N. Y. The family have been residents of this place for the past twelve years. She is survived by her husband, four sons and one daughter, viz: Leonard Gallaher of Akron, O.; Charles, Oryston, Pa.; Francis of Rochester, N. Y.; Edward and Miss Mary, of this place. Deceased was taken ill last week, and on Monday last was taken to Clearfield hospital where she intended to undergo an operation, but she failed in health so rapidly that her physician thought it unwise to do so. Her funeral will be held from St. Timothy church on Monday afternoon at 2 o'clock, and from thence the body will be conveyed to Clearfield and interred in the new Catholic cemetery.

Raymond L. Wood and Miss Maym Casey, both of Bloom township, were united in wedlock at the M. E. parsonage, by Rev. J. C. Collins, on Wednesday evening last.

Misses Lucy and Edith Brenetti left on Friday noon for Altoona and will remain in that city over the Sabbath visiting with relatives.

Mr. Howard Moore, of DuBois, spent the week end in Curwensville among relatives. He was raised in this vicinity but has been a resident

of the city across the mountains, for these many years.

Mack's Crescent ball team added another victory to their scalp pole Thursday afternoon by defeating the Glen Richey club on the home grounds by a score of 15 to 8. The third nine from here went to Clearfield the same day and returned home jubilant after winning a game from the down river fellows by a score of 2 to 1.

Mrs. C. S. Russell entertained a number of out of town friends at a luncheon yesterday afternoon.

Rev. Umberger, from Maryland, will preach in Grace Lutheran church on Sunday evening at 7:30 o'clock. He will preach to the Lutheran congregation at Mahaffey in the morning. Curwensville people are cordially invited to attend the evening services.

Rev. Dr. E. A. Pyles, District Superintendent, will preach in the Methodist church on Sunday morning at the usual hour of holding worship.

Cecil Wall, son of Charles Wall, who spent the greater part of the summer months visiting the Kerns boys in northern Montana, has returned to his home in this place. He was much pleased and benefited by his western trip and is of the opinion that the west is a country for a young man.

Lester Bartell, who is located at Akron, O., is home for a short visit with kin folks.

WOODLAND

Vendon Knopp has moved his family to Arcadia where he is employed at the company store at that place.

Mr. and Mrs. Wm. Bauger has returned from Akron, Ohio, where they have been visiting their daughter.

spent the week end with friends here.

Walter Eshelman of Johnstown and Mrs. Guy Stevens attended the funeral on Sunday of the late's grandmother, Mrs. Sarah Horn, late of Reynoldsville.

Miss Marjory Snyder who has been home from Bradford on a visit to her

parents, is now visiting relatives in Pittsburgh.

Miss Bessie Graffius of Pleasant Valley was the guest on Sunday of Miss Lulu Willsoncroft.

Fred Herbert and family spent Sunday with relatives in Munson.

The Misses Erma and Mary Pickles have returned home after spending several weeks with relatives near Philadelphia.

Mr. and Mrs. Jas Meader and family of Clearfield spent Sunday at the home of Mr. and Mrs. Carl Wisor.

Mrs. Lloyd Stevens and daughters Gladys and Grace of Bigler spent Thursday with relatives here.

The young ladies Philathea Class of the M. E. Sunday School picnicked at Camp Golden Rod on Thursday.

The Woodland second ball team played a game of ball on Thursday evening with the Clearfield team. The score was 4-2 in favor of the home team.

Clay Undercoffer and Miss Anna Peters surprised their friends on Wednesday by slipping away to Cumberland, Md., where they were married. Both young people are well known here and have the best wishes of a host of friends.

Mrs. Robert Heberling and son Jack of Tyrone are spending the week with relatives here.

GRAMPIA N

Mr. and Mrs. J. I. Spencer left Thursday for extended visit with relatives in Akron, Ohio.

A son was born to Mr. and Mrs. Ralph Guiter on Wednesday.

Mr. and Mrs. Raymond Walker, who have been residing in Akron for some time past, have returned to Grampia.

Mrs. Calvin Guiter and Miss Alice Spencer spent Friday with Mrs. Paul Curry at Lumber City.

Miss Vida Ellinger is under the doctor's care.

Origin of "A 1"

"A 1" is a symbol originating in the Lloyd's Maritime Insurance association denoting a ship that has been found first-class in construction and equipment. The "A" is for good construction and the "1" for good equipment.

What the Flowers Tell.

Wild rose, loyalty; carnation, admiration; violet, modest strength; Easter lily, purity; lily of the valley, sweetness and modesty; rose, happy love; daisy, gentleness; water lily, influence; poppy, contentment; cosmos, hope; chrysanthemum, friendship; holly, triumph.

Mixture of Many Languages.

Modern English is a composite of Latin and the language of the ancient Britons who were conquered by the Romans, together with many Scandinavian words introduced by the Danes when they conquered England, German words brought by the Saxons, and French words brought by the Normans. There is scarcely a language that has not contributed something to modern English, but those mentioned have been the largest contributors. Many technical words have been taken from the Greek.

Ever Think of That?

There is a natural aversion to seeing any creature contented and happy. A man who goes fishing seldom does so because he is hungry. All he wants to do is to make trouble for the fish. —Exchange.

Easy To Darken Your Gray Hair

Try this! Brush Sage Tea and Sulphur Compound thru your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, the at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improve by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(Copyright, 1920, Western Newspaper Union.)

LESSON FOR SEPTEMBER 5

THE BUILDING OF THE TEMPLE.

LESSON TEXT—I Kings 5:1-36.
GOLDEN TEXT—Mine house shall be called a house of prayer for all people.—Isa. 56:7.

ADDITIONAL MATERIAL—II Chron. 2:1-17.
PRIMARY TOPIC—God's House.
JUNIOR TOPIC—Solomon Builds the Temple.
INTERMEDIATE AND SENIOR TOPICS—Putting Our Best into the House of God.
YOUNG PEOPLE AND ADULT TOPIC—The Value of a House of Worship.

I. Solomon's Preparation (5:1-18).

He secured from King Hiram:
1. Wood for beams, ceilings, sheeting, and chambers around the holy house.

2. Stones for the great foundation. These were secured from the Phoenician quarries and also from the mountain upon which the temple was built. They were so shaped that when the temple was erected there was no sound of a hammer heard.

3. Skilled workmen. Among the Israelites were not to be found men skilled in this kind of work, so the king arranged with Hiram, to furnish capable men.

II. Solomon Building the Temple (5:17-38).

1. The location—Mount Moriah (II Chron. 3:1). This was a suitable location, as it was here that the Lord appeared to Solomon's father, David.

2. The dimensions and materials. "If a cubit was 18 inches, the temple proper was 90 feet long, 30 feet wide and 45 feet high."

3. The contents: (1) Brazen altar; (2) laver; (3) golden candlestick; (4) cherubim.

III. The Dedication of the Temple (8:1-66).

The dedication of the temple was arranged to take place at a very favorable time. The success of an undertaking is largely determined by the time in which it is held. This was arranged to take place at the most joyous of the several representative gatherings of the Jews. The dedicatory services consisted of the following:

1. Bringing up the ark (vv. 1-11). The ark was God's dwelling place. The ark with the two tables of stone under the mercy seat shows God manifesting himself with his people on the ground of a law perfectly kept and sins atoned for by the shedding of blood. Following the completion of the sacrifice, the temple was filled with the glory of Jehovah.

2. Solomon's address to the people (vv. 2-21). He pointed out to the people that God had chosen David to be king, yet for certain reasons did not allow him to build the temple, but promised that his son should do the work. Now that the work was done, the temple was built, and the ark of the covenant was in its place, they could be assured that God had raised him up in the room of his father.

3. Solomon's dedicatory prayer (vv. 22-53). The ark having been placed in a most holy place, and the address to the people having been ended, the king pours out his soul to God in prayer. In this prayer Solomon gratefully acknowledges God's goodness in the past, giving glory to him, and pleads that his promise to his father be verified (vv. 22-29). He prays that God's eyes may continually be opened towards the temple which he had now taken possession of (vv. 27-33), so that (1) in case of contention between parties he would judge between them (vv. 31-32); (2) in case of being smitten

by the enemy, even though they had sinned, upon confession of the sin, God would forgive and restore (vv. 33, 34); (3) in case of famine as chastisement for sin, upon confession and prayer before the temple, God would forgive and send rain (vv. 35, 36); (4) in case of pestilence and sickness, if they prayed to God toward the temple, God would hear and forgive (vv. 37-40); (5) in case of the coming of the foreigner, who comes at the news of God's greatness, praying toward Jerusalem, his prayer should be heard (vv. 41-45); (6) in case of going out to battle, their cause should be maintained (vv. 44-45); (7) in case of being in captivity because of sin, God would hear their prayers and restore (vv. 46-53).

4. Solomon blesses the people (vv. 54-61). On the strength of the covenant promises, he invokes God's presence always to be with them and to keep them faithful, and exhorts the people to have their hearts perfect before God, walking in his commandments and statutes.

5. Solomon and the people offer sacrifices of thanksgiving (vv. 62-66). The joy of the people was full; they blessed God and the king.

Poverty Treads on Heels.

There is nothing keeps longer than a middling fortune, and nothing melts away sooner than a great one. Poverty treads on the heels of great and expected riches.—Brydger.

Every Day the Best Day.

Write it on your heart that every day is the best day in the year.—Ralph Waldo Emerson.

Evidence of Weakness.

Neutrality, as a lasting principle, is an evidence of weakness.—Kossuth.

WANTED—Lady or Gentleman Agent in the city of Clearfield for Watkins Famous Products. Known Everywhere. Big Profits. Write J. R. Watkins Co., 56 New York City. 9/4/20

WANTED—Stenographer. Apply Clearfield Colliery Co., Murray Building, Clearfield, Pa. 9/4/20

Drinking a Glass of Hot Water is a Splendid Habit

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can instead both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.

Study Music Under Capable Instructors

YOUR study of music is a serious matter; the musical instruction of your children is a more serious matter. A good start means everything. Going along smoothly means more. We have had pupils, who for various reasons have gone to metropolitan instructors and these pupils have been highly complimented on their ground work in musical training. We have graduates who have taken conspicuous places in the world of music that speaks volumes for the instruction that they received here.

With such real artistry, combined with special adaptation for imparting that artistry, the faculty presented by the Susquenanna College of Music this year is without a doubt the best we have ever offered.

The enrollment books are now open. Naturally the first enrollments get the better choice of lesson hours. Enroll before the term opens so as to avoid confusion and the possibility of missing a lesson.

Epworth League devotional meeting 3:30 p. m.
College Night service 7:30 p. m. Address by Rev. Dr. Morris E. Swartz, Subject, "The College Career As An Adventure."
To all the services a cordial welcome is extended.

TRINITY METHODISTS OBSERVE COLLEGE NIGHT

The fourth annual "College Night" service of the Trinity Methodist congregation will be held on Sunday evening. The Rev. Dr. Morris E. Swartz will deliver an address on the subject "A College Career As An Adventure." Many of Dr. Swartz's friends in the town without regard to denominational lines will doubtless take advantage of this opportunity of hearing again the former popular pastor of Trinity church.

The Sunday School is planning for a great Rally Day later in the month. The session tomorrow at 9:30 a. m. will open with a short centenary program. The attendance of one of the organized classes will be a surprise to some folks.

The Epworth League under the leadership of John C. Arnold will meet at 8:30 p. m.

On Monday there will be three sessions of the group Quarterly Conference. All Methodist Churches in the Clearfield group will be represented by pastors and laymen. Dr. Pyles, Dr. Swartz and Rev. E. C. Kibaca, Superintendent of Sunday School Work, will be the speakers.

WEST SIDE M. E. CHURCH

Sunday School 9:30
Preaching service 10:45. Subject, "The Church at Smyrna."
Junior League 2:30.
Epworth League 6:45.
Preaching service 7:30. The second sermon on the Ten Commandments.

Thomas Eadie of Boone, Iowa, is visiting his brother John Eadie of Hillsdale. He was accompanied here by William Eadie, son of John Eadie, who has been working in the middle west.

We all attention to the fact that our steam bill later on an expatriate operators made in the states comprising August 16, 1920 and continue during the balance of the contract period.

Restoring Elasticity of Rubber.
Rubber articles that have become hard recover their elasticity in a short time if placed in a 3 per cent carbolic water or 3 per cent aniline solution. In the case of the carbolic solution it must not be forgotten that black goods exposed to it become gray. If it is desired to preserve the black or red color of the goods, that, too, can be done. A 1 per cent solution of potassium permanganate is employed. It is true that this smells unpleasant, but the restoration of elasticity is quite considerable.

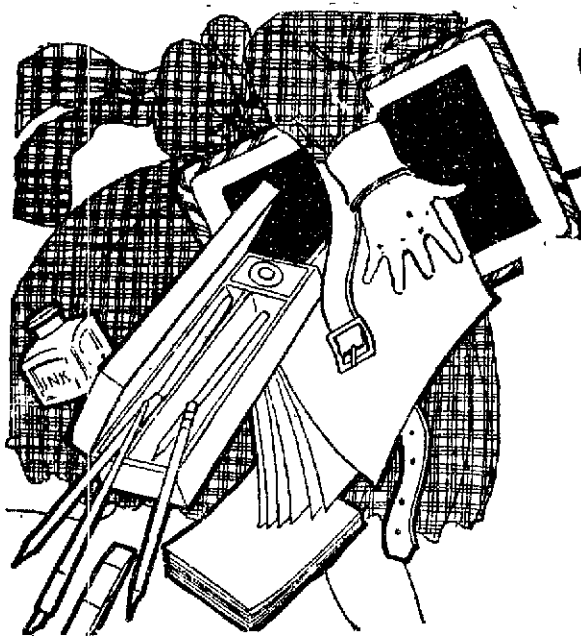

Truly Surprising.
Elderly Hostess—No you are the daughter of my old friend Margaret Blank. I was at your christening eighteen years ago—but how you've changed.

School Needs

And Here's Where

You Get 'Em

Of course you're not going to send them to school without the proper working tools.

The School Board will furnish the necessities but those things dear to the heart of the Kiddies—

Pencil Boxes School Bags Rulers

Erasers

Fine New Pencils

these can be had here aplenty. We have a windowfull of these things. Come and pick out what you'll want. Start the Kiddies all right and they'll go along all right.

Kurtz Stationery Store

REPORT MARKS EYE SIGHT GOVERNS

Your kiddies eyes will govern their report marks as much as the amount of time they study.

The longer they study, the greater the eyestrain.

The greater the eyestrain the lower the report marks.

I'll raise the report marks by fitting your kiddie with proper glasses.
